

BXR830

RIDE ON TROWEL

AVAILABLE IN **PROPANE** OR **GAS**

INTRODUCING OUR **NEW** COMPACT RIDE-ON TROWEL!

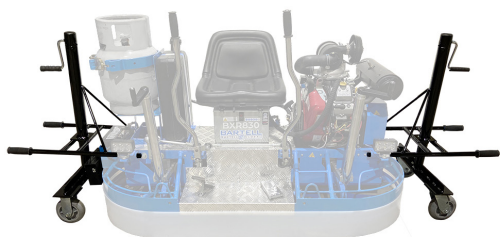

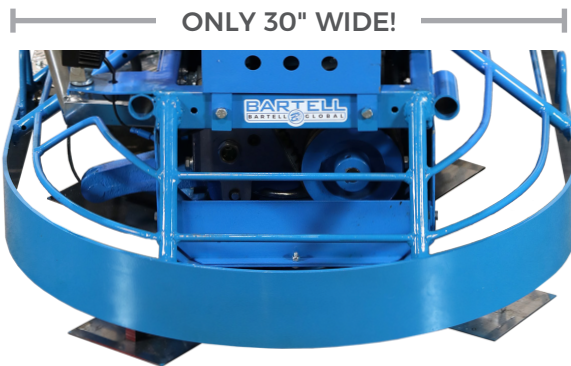

With a reduced width of only 30 inches, the BXR830 fits through a standard doorway, and into the bed of most pick-up trucks.

FEATURES

- Heavy-duty gearbox provides a longer life and less maintenance.
- Small footprint and responsive steering provide maneuverability in tight spots.
- Edge finishing up to ¼" from the wall.
- Gets onto the concrete earlier than bigger, heavier machines.
- Available with propane or gas powered engine.
