

THE BIGGEST TITAN IN OUR SERIES

Well respected for its power and torque in a sleek, low profile design. The Titan 96 8-foot rider delivers an incredibly smooth finish while providing optimum operator comfort. Lower profile design gives the operator a better feel and sightline of the slab. Blade speeds of 180 RPM can be reached with this machine and it comes standard with Dual Position Steering.

FEATURES

- 6" lower to the ground
- 19" height from bottom of foot to seat
- LED Lights in front and rear
- 12v USB charging port and cup holder
- Greater visibility to blade
- New accelerator pedal
- Low profile design (puts operator closer to concrete)
- Heavy duty gearbox
- Multiple engine selection
- Weight plate add-on (add up to 225lbs)
- New compact transport system
- Lift off front panel for easy maintenance
- Under seat safety switch
- Completely interchangeable steering positions
- Grizzly Blades
- Greater RPM (Up to 180 RPM with select engines)
- Four lift points, in addition to a single lift hook under the seat.
